

# FRED HAMPTON WAS SHOT TO DEATH IN HIS BED BY MEMBERS OF THE CHICAGO POLICE FORCE. NO ONE HAS BEEN CHARG- ED WITH THE MURDER

Fred Hampton was a human being. He was murdered, shot in the back of the head with a machine gun. The "authorities" have done nothing. What are you going to do?

There will be a demonstration in front of the Recorder's court (in back of the central police station at 1300 Beaubien) to protest these terrorist acts at 9:00 a.m. Monday, December 15. The Demonstration has been called by the United Front Against Facism, a coalition of black and white organizations. 'ALL white people must stand together with our black brothers, to show them that we will not let the forces of facism to run amuck in this country whatever our differences are. As Eldridge Cleaver, minister of information, of the Black Panther party has said "you can't fight fire with fire, you fight fire with water". I wish there was some way that we could convince everyone of the urgency of this action.'

Over 300 members of the Black Panther Party have been imprisoned on trumped up charges; 30 have been murdered. The establishment press has been filled with lies about the nature and purposes of the Black Panther Party. The party from its founding has opposed black racism. It demands that the black people have the right to self-determination.

For more information: call PAR, YIPFUGS, SMC, THE RESISTANCE, THE FIFTH ESTATE, OR THE UNITED FRONT AGAINST FACISM. All numbers are in the director.

## TURN TOWARD FREEDOM

**BROTHER MALCOLM X**  
**AL HAJJ MALIK SHABAZZ**  
**Father of the Nation**

In his towering years as the leading prophet of nationalism and self-defense for Blacks in America, Malcolm X taught that the basis of independence is land.

In March 1968, three years after his fateful assassination, Black nationalists in America, at the call of the Malcolm X Society, met in Detroit and identified the land of the Black

Nation as Louisiana, Mississippi, Alabama, Georgia and South Carolina. They issued the Declaration of Independence and established the REPUBLIC of NEW AFRICA as the formal nation of Black people. They also created law and government. Yet our nation, the REPUBLIC of NEW AFRICA, is a captive nation because our land is not free. The main job of the Black government is to free the land.

**BROTHER I M A R I**  
**Imari Abubakari Obadele, I**  
**PRESIDENT of the NATION**

In 1967 Brother Imari wrote the short book, WAR IN AMERICA. He took three principles of Malcolm's work - land, self-defense and internationalization - and fashioned the MALCOLM X DOCTRINE. This is the plan for freeing the land.

In March 1970 Imari became President of the Republic.

He promptly moved to the land of the Black Nation in the South. In January 1971, Imari issued the call for Black people to support the Republic's national bank and to come to the South and establish a new and a better life through "New Communities, Reparations and a plebiscite."

BLACK PEOPLE! NOW WE HAVE A GOVERNMENT!

The Republic of New Africa was founded March 31, 1968 in Detroit Michigan by a representative group of Black people from across the country. It was necessary to form a separate government because there was no government in existence representing our interests. Never have we had, or been able to express real citizenship. Never before have we been provided with a political form that would allow us to move toward real control of our lives and destinies. The Republic of New Africa has a plan for Nationhood, on this continent, in our lifetime.

We can no longer afford to involve ourselves in a senseless 'hoping and looking' toward a body (the u.s. government) that has never represented our interests. We must separate because the u.s. government/white power structure has repeatedly shown - and will continue to show - a determined unwillingness to allow Black people to control anything. We must separate ourselves from the guilt we have borne as partners, HOWEVER RELUCTANT, to the white man in his oppression and crimes against the rest of humanity. Black determination, personal initiative and dedication will be the determining factors in this undertaking. Black people have toiled in labor, fought and died on most of this land since their enslavement. We are going after enough of it to satisfy the needs of Black people!

We are striving to become Men!

**Raise Your Hand!!  
Free The Land!!**

**REPUBLIC  
OF NEW AFRIKA**

## WHAT IS THE REPUBLIC OF NEW AFRIKA?

The Republic of New Afrika is the organized Black nation in North America.

### A NATION IS A MASS OF PEOPLE WHO:

1. Live on and/or have rights to a common land;
2. share a common history, culture, & language;
3. share a common political identity (i.e. citizens of a New Afrikan nation or slaves & subjects of the white Euro-American nation,
4. have a common economy.

Black people have never been a part of the white European North American nation. We are not now, nor have we ever been citizens of the United States.

The Black nation in North America began approximately around 1660. Forty-one years before this, it is believed, the first Afrikans were captured as slaves & brought to North America as indentured servants. First they were brought to Virginia. Then, during the next 40 years increasing numbers of Afrikans were captured and brought as slaves into the British colonies of Virginia & Maryland; the Dutch colony of New Amsterdam, and into the Spanish colony of Florida.

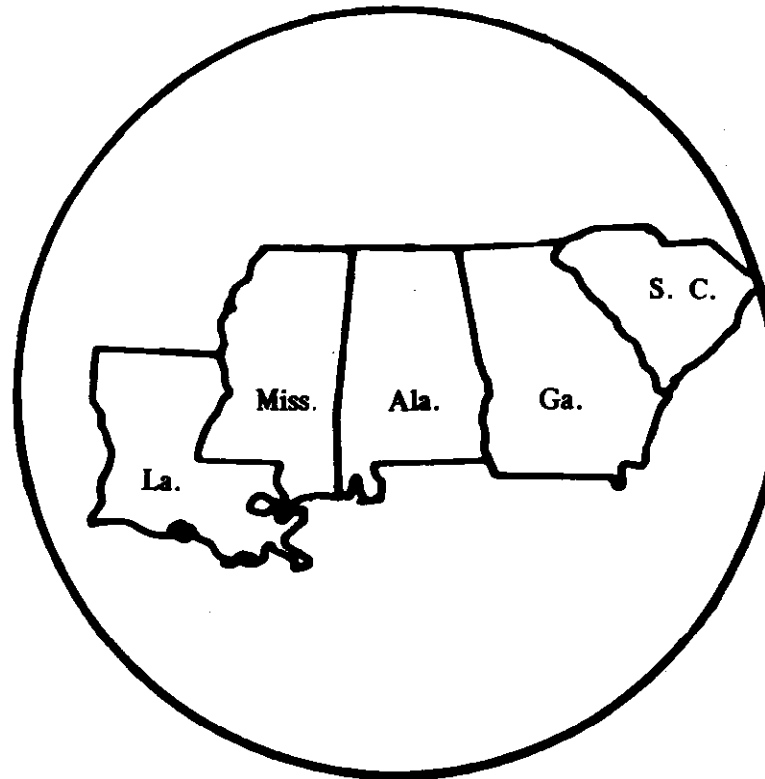

In the British colonies during the first 40 years, our Afrikan ancestors sometimes bought their "freedom," sometimes served out their indentures, & sometimes if their mother's were "free," they were born "free". But, around 1660 the racial prejudices & sometimes discriminations increased and hardened and the whites passed laws to make it impossible for Afrikans to join the new European nation.

Because of the oppressive white European laws our Afrikan ancestors were forced to join together. Despite the continuous efforts to destroy all of our culture through brainwashing and separation tactics, some of our Afrikan culture survived, and was made into a New Afrikan culture by our experiences in North America, and this New Afrikan culture bound us strongly together as a New Afrikan nation as long ago as 1660. This is why we say the New Afrikan (or Black) nation began in N. America around 1660, and has been held captive by Europeans and Euro-Americans since its birth.

## WHERE IS OUR LAND?

The land of our nation is all the land in North America where Black people have lived a long time, and that we have built on, farmed on or improved in any way, and that we have fought to stay on. This is international law. It means that most of the South and parts of many cities really belongs to us.

At this time our Black nation seeks total independence of only five states, these states are Alabama, Georgia, Louisiana, Mississippi, & South Carolina. This land has an abundance of natural resources, fertile agricultural soil, and access to sea ports for international trade. (But this land is all under a government that is run by white people for white people: the United States government.)

## WHAT IS THE PROVISIONAL GOVERNMENT OF THE REPUBLIC OF NEW AFRIKA?

The Provisional Government of the Republic of New Afrika is the temporary government of the Black nation of North America. It is a pro-independence formation which seeks the total liberation of Alabama, Georgia, Louisiana, Mississippi & South Carolina (the national territory)

### HOW DID WE GET A GOVERNMENT?

On March 31, 1968, the Provisional Government was founded by more than 500 New Afrikan leaders in Detroit, Michigan. The Nationalists meeting in Detroit tried to speak for all Black people. They knew that was really impossible, but the effort was honest. The New Afrikan leaders issued a Declaration of Independence. Its major purposes were twofold. One to inform all Black people that the nation exists & that we are all citizens of it, and two, to free the land.

Right now the trouble is that our land is not free. We are not in charge of it. White people are in charge of our land, and they act as if they are in charge of us. Our land and our nation are, therefore, captive. And our government is a government-in-captivity.

Once we have independence we will have the power to solve the problems which affect Black people daily.

poor housing  
poor education  
crime  
police brutality  
racist attacks  
unemployment

and all other injustices. In our new nation no person will be discriminated against or held back and we will make a better life and a better world.

Our Black nation seeks solidarity with the Native American "Indian" nation, the Puerto Rican nation, the Chicano-Mexican nation, and all other subjugated nations within the United States which seek land & independence.

Any conflicting claims will be resolved in the spirit of justice and equality for all.

## WHAT THE PROVISIONAL GOVERNMENT OF THE REPUBLIC OF NEW AFRIKA BELIEVES:

1. That the exploitation and oppression of Blacks in North America, by whites in North America, has entered a more vicious and visible stage.
2. Blacks in North America are in serious danger of extermination like the Native American (indian)
3. Afrikans born in America can survive & liberate ourselves if We understand that our problem was created by an all white government (usa), and it is being continued by an all white government.
4. Individuals or organizations (no matter how rich or large) cannot wage a correct struggle for survival and liberation against the United States government.
5. We can only survive & liberate ourselves by becoming real Black Nationalists and building ourselves a nation that will be able to wage the correct struggle for our survival and liberation.
6. We should be the one's to determine our own destiny, this is known as self-determination.
7. That We must stand ready to defend ourselves against our enemies by any means necessary.
8. We must support all liberation struggles, and the liberation in general, of the Afrikan Continent.
9. The economic needs of our nation will be met and profits will be shared equally.
10. The Provisional Government wants all Black people to help us make the Republic of New Afrika - the Black Nation - a nation that will govern Black people.

**LIBERATE BLACK TERRITORIES!  
FREE THE LAND**
